

Top Reasons to Buy Matrox MXO2 LE – Not AJA Kona LHi

- 1. Matrox MXO2LE offers more features at a better price** – Kona LHi is priced at \$1495.
- 2. Matrox MXO2 LE works with Mac Pros and MacBook Pros** – Kona LHi works only with towers.
- 3. Matrox MXO2 LE is a professional breakout box** – with Kona LHi the breakout box is separate, increasing your cost.
- 4. Matrox MXO2 LE provides 10-bit HDMI monitoring with a unique color calibration tool that turns your HDMI screen into a professional-grade video monitor** – Kona LHi does not offer a calibration utility.
- 5. Matrox MXO2 LE provides analog component, Y/C, and composite output simultaneously via separate, dedicated connectors** – Kona LHi has only three connectors used for a component output or Y/C and composite output.
- 6. Matrox MXO2 LE has stereo audio inputs (RCA)** – Kona LHi does not.
- 7. A version of Matrox MXO2 LE is available with Matrox MAX technology for faster than realtime H.264 encoding for Blu-ray, the web, and mobile devices. Even with the MAX option, the price is still lower: \$1,395** – Kona LHi does not offer this important benefit.
